

Summary

I am a B.Tech/BE student at SVR Engineering College, Ayyaluru, Nandyal, Andhra Pradesh, specializing in Artificial Intelligence and Machine Learning Engineering. I am passionate about using technology to solve real-world problems and have developed skills in machine learning algorithms, deep learning, computer vision, and natural language processing. I am proficient in Python, R, and TensorFlow, and have experience working on projects related to image classification, sentiment analysis, and chatbot development. I am eager to learn and grow in this field and contribute to the advancement of AI and ML technologies.

Work Experience

Web Developer

 CodSoft
 Apr 2025 - Apr 2025
Web Developer Intern at CodSoft. Gained experience in web development from April 2025 to April 2025.

Education

B.Tech

 SVR Engineering College, Ayyaluru, Nandyal, Andhra Pradesh
 2022 - 2026 • Graduation • Artificial Intelligence And Machine Learning Engineering
Pursuing a Bachelor of Technology in Artificial Intelligence (2022 - 2026)
Currently enrolled in the B.Tech/BE program with a specialization in Artificial Intelligence at SVR Engineering College, Ayyaluru, Nandyal, Andhra Pradesh.
Expected graduation in 2026.

Responsibility

 SVR Engineering College, Ayyaluru, Nandyal, Andhra Pradesh
Student
Student at SVR Engineering College, Ayyaluru, Nandyal, Andhra Pradesh.
Gained practical experience through coursework, projects, and campus activities.

Projects

WORDWIZAR

 [Project Link](#)
WORDWIZAR: Developed a text-based game, enhancing problem-solving, Python programming, and logical reasoning skills. Demonstrated proficiency in code debugging and iterative development.

PORTFOLIO

 [Project Link](#)
Developed a personal portfolio website showcasing projects and skills. Utilized HTML, CSS, and JavaScript for front-end development, demonstrating proficiency in web design and responsive layout implementation.

Achievements

aws certificate

AWS Certified Solutions Architect - Associate Demonstrated proficiency in designing and deploying cloud-based solutions on AWS. Possess a strong understanding of core AWS services, including EC2, S3, VPC, and IAM. Can effectively architect secure and scalable applications on the AWS platform.

Skills

- Teamwork
- python
- Html

Certificates

code fobe python basis

 [Certificate Link](#)
Code Föbe Python Basics
Certificate This certificate demonstrates my proficiency in the fundamentals of Python programming, acquired through the Code Föbe Python Basics course. I have gained a strong understanding of core concepts such as variables, data types, operators, control flow, functions, and modules. I am confident in my ability to write basic Python scripts and apply my knowledge to solve real-world problems.
